

*"We just installed a new line and I'm already having to call the manufacturer."*

**"Thanks KOCH - It runs perfectly!"**

## Cooperation

While specialization allows us to focus on developing the best machinery for our niche in the marketplace, it also presents us with limitations. When a project involves multiple operations that  go beyond what we do best, we combine forces with other manufacturers of high-quality standard products to meet our customer's requests.

### Ten Reasons to Choose Koch

1. We Understand You
2. Experience
3. Specialization and Concentration
4. A Fully Established Production Plan
5. Quality and Dependability
6. User-Friendly Machines
7. Service
- 8. Cooperation**
9. Stability
10. Innovation

If you are a company specializing in the production of case goods, drawers, cabinet doors & components, face frames, chairs & upholstery components, entry or passage doors & window processing, you must include KOCH in your selection process. Our Atlanta, Georgia facilities are fully equipped to demonstrate why a KOCH machine is your next best investment. Call today and arrange a visit with us.
